Re: Notice of File Closure for Small Mining Activities, Prophecy #2 & #4 Mine, S/049/015, Utah County, Utah

Dear Mr. Mills:

This letter is to notify you that the file, S/049/015, for the Prophecy #2 & #4 mine, located in Utah County, Utah, will be retired from our files.

In an October 12, 1999 inspection there was no evidence of any unreclaimed areas. Apparently, reclamation was very successful. A subsequent follow-up call with the United States Forest Service indicated they had released the reclamation surety several years ago and closed their file. As this project was located on USFS managed lands, the Division will also close and retire this file at this time.

You will not have to pay the \$100.00 permit fee that was sent to you. If you plan to conduct any new mining activities in this area, you will need to submit a new notice to the appropriate agency(s), pay the Division permit fee, and receive written approval(s), prior to commencing any such activities.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5310. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lynn Kunzler'.
